 **The Code Project** NEWSLETTER

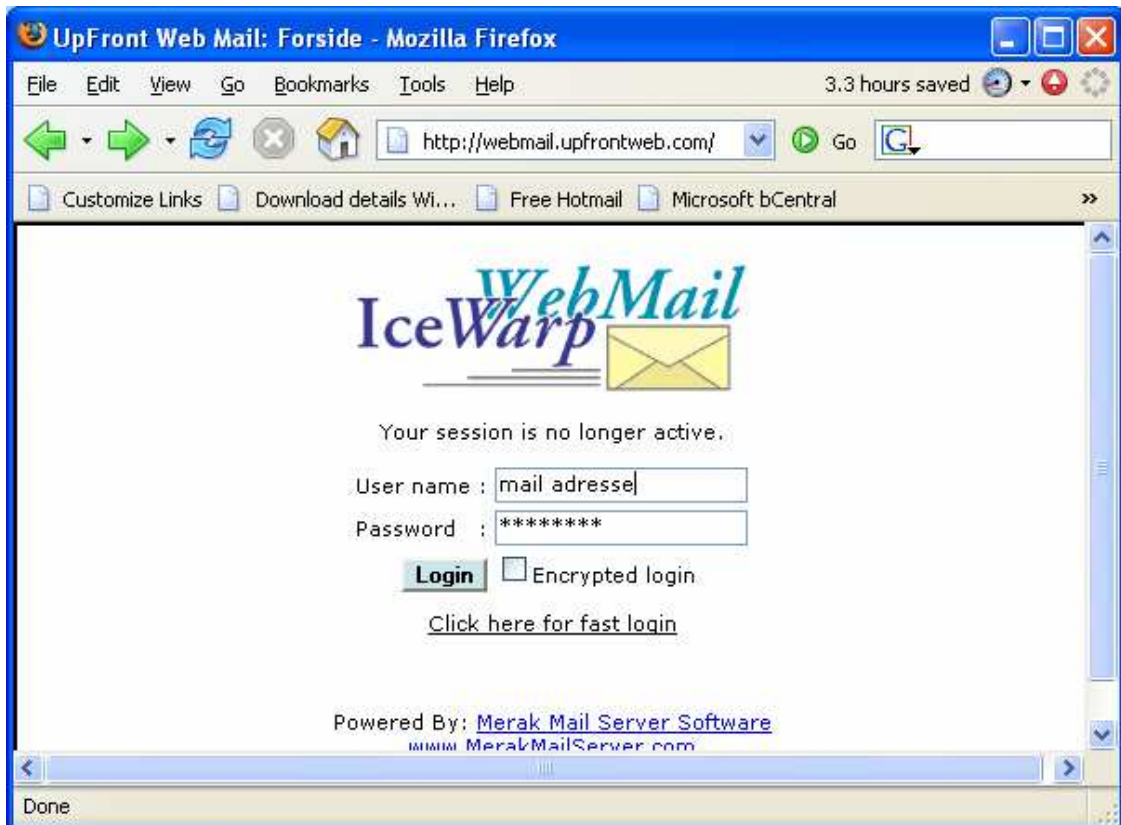

For comments or enquiries please contact webmaster@codeproject.com Monday 6th February,

For at sende en mail klikker du på **New Message**, udfylder det vindue der kommer frem og klikker på **Send Message**.

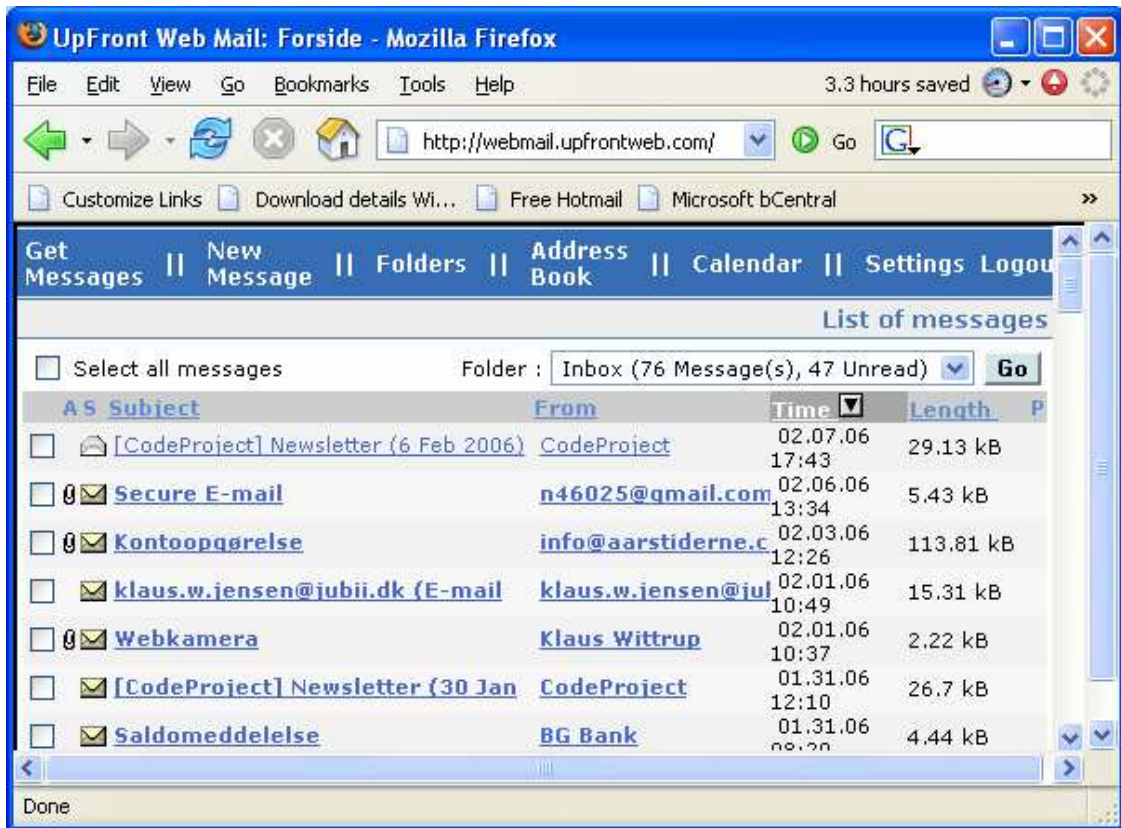

The screenshot shows a web browser window with the address bar displaying "http://webmail.upfrontweb.com:32000 - IceWarp Web Mail (Troels Wittrup Jensen) - Write ...". The main content area is a form for composing an email. At the top, there are three buttons: "Send Message", "Save to drafts", and "Spell Checker". To the right of these buttons is a "Priority" dropdown menu set to "Normal". Below the buttons are three input fields for "To:", "Cc:", and "Bcc:". A "Subject:" label is positioned to the left of a large, empty text area for the message body. At the bottom of the form, there are three buttons: "Send Message", "Save to drafts", and "Spell Checker". To the right of these buttons are checkboxes for "Encrypt" and "Sign". Below the buttons is an "Attachment:" label followed by a text input field, a "Browse..." button, and a "More" button. At the bottom of the form are three checkboxes: "HTML message", "Save copy to Sent folder" (with a dropdown menu showing "Sent"), and "Disposition notification". The browser's status bar at the bottom shows "Done" on the left and "Internet" on the right.

Læsning af Webmail med FireFox

Åben FireFox, udfyld User name og Password og klik på "Login"

Du kan nu læse og sende mails via Web mail. **For at læse en mail** klikker du i listen og du kan læse indholdet på den side der hentes ind.

For at sende en mail klikker du på **New Message**, udfylder det vindue der kommer frem og klikker på **Send Message**.
